2018 Cattle Health Regulations

Pennsylvania Cattle:

1. A Certificate of Veterinary Inspection (CVI) issued after May 1, 2018.
2. All animals must be free of infectious and contagious diseases and a statement of this should be written on the CVI.
3. Cattle shall be identified by an official ear tag or other unique identification device approved by PDA. Official identification includes:
 - A USDA-issued National Uniform Eartagging System (NUES) tag having a US shield; or
 - A 15-digit Animal Identification Number (AIN) ear tag starting with "840" and having a US shield; or
 - Other identification approved by PDA. (brands and breed registrations with tattoos are not acceptable).
4. A current rabies vaccination administered by a licensed veterinarian is required for animals 3 months of age and older (observe appropriate slaughter withdraw time).
5. Rodeo: It is recommended that rodeo cattle of all ages be negative on an official tuberculin test within 60 days prior to the start of the fair unless they are members of and originate from an accredited tuberculosis-free herd. The cattle can be accompanied by the negative test report or the tuberculosis test results can be recorded by the veterinarian on a CVI.

Out of State Cattle:

1. Federal regulations (USDA) require a Certificate of Veterinary Inspection (CVI) issued within the 30 days prior to the date of importation.
2. Vesicular Stomatitis (VS): This applies to cattle entering Pennsylvania from states that experienced a Vesicular Stomatitis outbreak in the last 12 months. In these cases an accredited veterinarian shall determine whether the animals are free from VS, and animals shall be accompanied by a CVI with the following statement signed by the accredited veterinarian: "All animals identified on this CVI have been examined and found to be free from VS. During the past 90 days, these animals have neither been exposed to VS nor were located within 10 miles of a site where VS has been diagnosed."
3. All animals must be free of infectious and contagious diseases and a statement of this is required on the CVI.
- 4 Federal regulation (USDA) requires individual official animal identification. Official ID will have a US shield and includes:
 - A USDA-issued National Uniform Eartagging System (NUES) tag; or
 - A 15-digit Animal Identification Number (AIN) ear tag starting with "840"; or
 - Other official identification approved by USDA. (brands and breed registrations with tattoos are not acceptable).
5. Tuberculosis testing requirements:
 - No test is required for animals originating from states or zones designated as accredited free by the USDA.
 - All animals originating from states or zones designated modified accredited advanced by the USDA must be test negative within the 60 days prior to the date of importation. The negative test results and dates of tests must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original report is acceptable).
 - All animals originating from states or zones designated modified accredited by the USDA must originate from herds in which all animals 12 months of age and older are test negative within the 12 months prior to the date of importation and the individual animals (all ages) to be imported are also test negative within the 60 days prior to the date of importation and at least 60 days after the negative whole herd test was completed. The negative test results and date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original test report is acceptable).
6. A current rabies vaccination administered by a licensed veterinarian is recommended for animals 3 months of age and older (observe appropriate slaughter withdraw time).
7. Rodeo: It is recommended that rodeo cattle of all ages be negative on an official tuberculin test within 60 days prior to the start of the fair unless they are members of and originate from an accredited tuberculosis-free herd. The cattle can be accompanied by the negative test report or the tuberculosis test results can be recorded by the veterinarian on a Certificate of Veterinary Inspection.
