2018 Health Regulations for Poultry, Waterfowl & Pigeons

1. All poultry, waterfowl and pigeons must bear a unique Individual Identification Leg Band (official state-issued leg bands are not required).
2. **Pennsylvania Department of Agriculture form AAI-50, Official Owner Endorsed Poultry Health Certificate for All Exhibition Poultry, Waterfowl, Upland Game Birds, Ratites, and Pigeons must accompany each animal and must be presented upon arrival at the exhibition. The form AAI-50 must also be on file in the Fair Office for each poultry exhibit at the fair. Admission and parking passes will not be issued if forms are not on file.**
3. All animals must be free of infection and contagious diseases.
4. Avian Influenza Clean Testing and Verification (all samples must be collected by a Certified Poultry Technician or an Accredited Veterinarian):
 - PA Exhibitors: All poultry and waterfowl (pigeons excluded) for exhibition must originate from a flock in good standing in the PA Avian Influenza Monitored Flock Program, or from a flock in good standing in the NPIP U.S. AI Clean Program (the flock must be on NPIP – it is not considered to be a clean flock if only originating from a clean breeder flock or hatchery), and the birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. The NPIP or AI Monitored flock number must be noted on the report; OR
 - PA and Out of state Exhibitors: The birds must originate from a flock in which a minimum of 30 birds, 3 weeks of age or older, were tested negative for avian influenza within 6 months prior to opening date of the exhibition and the birds must be accompanied by the most recent test report (copy acceptable). Test Results must be negative. If there are fewer than 30 birds in the flock, test all birds. *For ducks and geese, cloacal swab samples must be collected for testing, and the swabs may be tested using virus isolation (ducks or geese or PCR (domestic ducks only) techniques.*
 - Out of state Exhibitors: The birds originate from a flock in good standing in the NPIP Avian Influenza Clean Program (the flock must be on NPIP AI Clean program – it is not considered to be a clean flock if only originating from a clean breeder flock or hatchery) and the shipment is accompanied by a USDA form 9-3 or equivalent Department approved form; OR

- Out of state Exhibitors: The birds originate from a flock that participates in an equivalent avian influenza monitoring program and the shipment is accompanied by a document from the state, nation or foreign province indicating participation.

5. Pullorum-Typhoid Clean Testing and Verification (all samples must be collected by a Certified Poultry Technician or an Accredited Veterinarian):

- PA Exhibitors: All poultry must originate from a flock in good standing in the NPIP Pullorum-Typhoid Clean Program or from a flock in good standing in the PA Pullorum Equivalent Program and the birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative. The NPIP number must be noted on the report for the NPIP Pullorum-Typhoid Clean flocks. If the rapid whole-blood plate agglutination test was done, the most recent 9-2 or state equivalent form must accompany the birds (copy acceptable). Test results must be negative; ** The rapid whole-blood plate agglutination test is not an acceptable test for turkeys.

OR

- PA and Out of state Exhibitors: Individual birds (pigeons and waterfowl excluded) must have had a negative pullorum-typhoid test within the 90 days prior to the opening date of the exhibition. The following age restrictions apply to comply with NPIP standards:

- Chickens shall be tested at 4 months of age or older;
- Turkeys shall be tested at 12 weeks of age or older;
- Game birds shall be tested at 4 months of age or older, or upon sexual maturity, whichever comes first;
- All birds not meeting these age restrictions are exempt from pullorum testing requirements. The birds must be accompanied by the most recent test report (copy acceptable). Test results must be negative.

6. Out of state Exhibitors: All poultry must come from NPIP Pullorum-Typhoid Clean flocks and the birds must be accompanied by a USDA form 9-3 or equivalent Department-approved form.
